## Overview

Adhesive Cover Cap is furniture hardware used in cabinet and furniture manufacturing, selected by load, material, finish, and fit. The notes below cover construction, selection factors, sizes, materials, finishes, application fit, and installation for OEM production.

## Industry Data

Use these product signals to compare fit, specification risk, and sourcing options before requesting samples or bulk pricing.

- **Product Form:** Sheet / pad Confirm the exact value on the order datasheet before production.
- **Size:** 250 ml Confirm the exact value on the order datasheet before production.
- **Working Time:** 24 h full cure Confirm the exact value on the order datasheet before production.
- **Compatible Materials:** PVC / ABS edge banding Confirm the exact value on the order datasheet before production.
- **Installation Use:** Cabinet assembly Confirm the exact value on the order datasheet before production.
- **Material options:** Stainless Steel, Carbon Steel, Zinc Alloy, Aluminum and Brass Choose material by strength, corrosion exposure, and target price.
- **Finish options:** Aged Brass, Matte Black, Galvanized, Black Nickel and Brushed Stainless Steel Confirm finish samples when color matching matters.
- **Application fit:** Wall Cabinets, Base Cabinets, Tall Cabinets and Shoe Cabinets Match the product to the furniture use case, not only to the part name.

Adhesive Cover Cap

## Key Specifications

|                      |                        |
|----------------------|------------------------|
| Product Form         | Sheet / pad            |
| Size                 | 250 ml                 |
| Working Time         | 24 h full cure         |
| Compatible Materials | PVC / ABS edge banding |
| Installation Use     | Cabinet assembly       |
| Storage / Packaging  | Bulk carton            |

Specifications are configurable for OEM/ODM orders. Exact values are confirmed on the datasheet for your order.

## How to Choose

- Load and usage requirement
- Material for the environment and price point
- Finish for appearance and corrosion resistance
- Mounting and dimensional fit

## Material Options

Choose the material for the load, corrosion exposure, and target price of the program.

## Application Fit

### Wall Cabinets

For this application, adhesive cover cap is specified for the typical load, environment, and usage of this application.

### Base Cabinets

For this application, adhesive cover cap is specified for the typical load, environment, and usage of this application.

### Tall Cabinets

For this application, adhesive cover cap is specified for the typical load, environment, and usage of this application.

### Shoe Cabinets

For this application, adhesive cover cap is specified for the typical load, environment, and usage of this application.

### TV Cabinets

For this application, adhesive cover cap is specified for the typical load, environment, and usage of this application.

### Bookcases

For this application, adhesive cover cap is specified for the typical load, environment, and usage of this application.

## Buying Notes for OEM Orders

For OEM production, lock the configuration, finish, and packaging, then confirm volume pricing.

## Request Bulk Pricing

Send your specification, target market, and order volume. Our engineers reply with pricing, samples, and datasheets — usually within one business day.

## Request a Quote

Tell us your project requirement. Our engineers reply within one business day with bulk pricing, datasheets, and installation drawings.
