Overview

Caulking is furniture hardware used in cabinet and furniture manufacturing, selected by load, material, finish, and fit. This page summarizes how to specify it for volume furniture and cabinet manufacturing, including the dimensions and options that matter most to buyers.

Industry Data

Use these product signals to compare fit, specification risk, and sourcing options before requesting samples or bulk pricing.

- **Product Form:** Drilling template Confirm the exact value on the order datasheet before production.
- **Size:** 300 ml cartridge Confirm the exact value on the order datasheet before production.
- **Working Time:** Fast set Confirm the exact value on the order datasheet before production.
- **Compatible Materials:** Wood veneer Confirm the exact value on the order datasheet before production.
- **Installation Use:** Hinge boring Confirm the exact value on the order datasheet before production.
- **Material options:** Stainless Steel, Carbon Steel, Zinc Alloy, Aluminum and Brass Choose material by strength, corrosion exposure, and target price.
- **Finish options:** Aged Brass, Stainless Steel, Galvanized, Brushed Brass and Black Nickel Confirm finish samples when color matching matters.
- **Application fit:** TV Cabinets, Bookcases, Wine Cabinets and Laundry Cabinets Match the product to the furniture use case, not only to the part name.

Caulking

Key Specifications

Product Form	Drilling template
Size	300 ml cartridge
Working Time	Fast set
Compatible Materials	Wood veneer
Installation Use	Hinge boring
Storage / Packaging	Bulk carton

Specifications are configurable for OEM/ODM orders. Exact values are confirmed on the datasheet for your order.

How to Choose

- Load and usage requirement
- Material for the environment and price point
- Finish for appearance and corrosion resistance
- Mounting and dimensional fit

Material Options

Choose the material for the load, corrosion exposure, and target price of the program.

- [Stainless Steel Caulking](#)
- [Carbon Steel Caulking](#)
- [Zinc Alloy Caulking](#)
- [Aluminum Caulking](#)
- [Brass Caulking](#)
- [Copper Caulking](#)

Finish Options

Finish affects appearance and corrosion performance; match it to the furniture range and market.

- [Aged Brass Caulking](#)
- [Stainless Steel Caulking](#)
- [Galvanized Caulking](#)

- [Brushed Brass Caulking](#)
- [Black Nickel Caulking](#)
- [Gold Caulking](#)
- [Oil Rubbed Bronze Caulking](#)
- [Flat Black Caulking](#)

Application Fit

[TV Cabinets](#)

For this application, caulking is specified for the typical load, environment, and usage of this application.

[Bookcases](#)

For this application, caulking is specified for the typical load, environment, and usage of this application.

[Wine Cabinets](#)

For this application, caulking is specified for the typical load, environment, and usage of this application.

[Laundry Cabinets](#)

For this application, caulking is specified for the typical load, environment, and usage of this application.

[Garage Storage Cabinets](#)

For this application, caulking is specified for the typical load, environment, and usage of this application.

[Dressers](#)

For this application, caulking is specified for smooth drawer travel and quiet, aligned operation.

Buying Notes for OEM Orders

For OEM production, lock the configuration, finish, and packaging, then confirm volume pricing.

Request Bulk Pricing

Send your specification, target market, and order volume. Our engineers reply with pricing, samples, and datasheets — usually within one business day.

Request a Quote

Tell us your project requirement. Our engineers reply within one business day with bulk pricing, datasheets, and installation drawings.
