Overview

Hole Plug is furniture hardware used in cabinet and furniture manufacturing, selected by load, material, finish, and fit. The notes below cover construction, selection factors, sizes, materials, finishes, application fit, and installation for OEM production.

Industry Data

Use these product signals to compare fit, specification risk, and sourcing options before requesting samples or bulk pricing.

- **Product Form:** Hot-melt stick Confirm the exact value on the order datasheet before production.
- **Size:** 100 pcs pack Confirm the exact value on the order datasheet before production.
- **Working Time:** Immediate mechanical fixing Confirm the exact value on the order datasheet before production.
- **Compatible Materials:** MDF / particle board Confirm the exact value on the order datasheet before production.
- **Installation Use:** Handle drilling Confirm the exact value on the order datasheet before production.
- **Material options:** Stainless Steel, Carbon Steel, Zinc Alloy, Aluminum and Brass Choose material by strength, corrosion exposure, and target price.
- **Finish options:** Polished Chrome, Flat Black, Bronze, Satin Nickel and Anodized Aluminum Confirm finish samples when color matching matters.
- **Application fit:** Wall Cabinets, Base Cabinets, Tall Cabinets and Shoe Cabinets Match the product to the furniture use case, not only to the part name.

Hole Plug

Key Specifications

Product Form	Hot-melt stick
Size	100 pcs pack
Working Time	Immediate mechanical fixing
Compatible Materials	MDF / particle board
Installation Use	Handle drilling
Storage / Packaging	Moisture-sealed pack

Specifications are configurable for OEM/ODM orders. Exact values are confirmed on the datasheet for your order.

How to Choose

- Load and usage requirement
- Material for the environment and price point
- Finish for appearance and corrosion resistance
- Mounting and dimensional fit

Material Options

Choose the material for the load, corrosion exposure, and target price of the program.

- [Stainless Steel Hole Plug](#)
- [Carbon Steel Hole Plug](#)
- [Zinc Alloy Hole Plug](#)
- [Aluminum Hole Plug](#)
- [Brass Hole Plug](#)
- [Copper Hole Plug](#)

Finish Options

Finish affects appearance and corrosion performance; match it to the furniture range and market.

- [Polished Chrome Hole Plug](#)
- [Flat Black Hole Plug](#)
- [Bronze Hole Plug](#)

- [Satin Nickel Hole Plug](#)
- [Anodized Aluminum Hole Plug](#)
- [Copper Hole Plug](#)
- [Polished Brass Hole Plug](#)

Application Fit

Wall Cabinets

For this application, hole plug is specified for the typical load, environment, and usage of this application.

Base Cabinets

For this application, hole plug is specified for the typical load, environment, and usage of this application.

Tall Cabinets

For this application, hole plug is specified for the typical load, environment, and usage of this application.

Shoe Cabinets

For this application, hole plug is specified for the typical load, environment, and usage of this application.

TV Cabinets

For this application, hole plug is specified for the typical load, environment, and usage of this application.

Bookcases

For this application, hole plug is specified for the typical load, environment, and usage of this application.

Buying Notes for OEM Orders

For OEM production, lock the configuration, finish, and packaging, then confirm volume pricing.

Request Bulk Pricing

Send your specification, target market, and order volume. Our engineers reply with pricing, samples, and datasheets — usually within one business day.

Request a Quote

Tell us your project requirement. Our engineers reply within one business day with bulk pricing, datasheets, and installation drawings.
