Overview

Installation Template is furniture hardware used in cabinet and furniture manufacturing, selected by load, material, finish, and fit. This page summarizes how to specify it for volume furniture and cabinet manufacturing, including the dimensions and options that matter most to buyers.

Industry Data

Use these product signals to compare fit, specification risk, and sourcing options before requesting samples or bulk pricing.

- **Product Form:** Aerosol spray Confirm the exact value on the order datasheet before production.
- **Size:** 1 kg pack Confirm the exact value on the order datasheet before production.
- **Working Time:** 10-20 min open time Confirm the exact value on the order datasheet before production.
- **Compatible Materials:** PVC / ABS edge banding Confirm the exact value on the order datasheet before production.
- **Installation Use:** Cabinet assembly Confirm the exact value on the order datasheet before production.
- **Material options:** Stainless Steel, Carbon Steel, Zinc Alloy, Aluminum and Brass Choose material by strength, corrosion exposure, and target price.
- **Finish options:** Polished Brass, Powder Coated, White, Gold and Brushed Nickel Confirm finish samples when color matching matters.
- **Application fit:** Push To Open Cabinets, Heavy Duty Drawers, File Cabinets and Tool Cabinets Match the product to the furniture use case, not only to the part name.

Installation Template

Key Specifications

Product Form	Aerosol spray
Size	1 kg pack
Working Time	10-20 min open time
Compatible Materials	PVC / ABS edge banding
Installation Use	Cabinet assembly
Storage / Packaging	Moisture-sealed pack

Specifications are configurable for OEM/ODM orders. Exact values are confirmed on the datasheet for your order.

How to Choose

- Load and usage requirement
- Material for the environment and price point
- Finish for appearance and corrosion resistance
- Mounting and dimensional fit

Material Options

Choose the material for the load, corrosion exposure, and target price of the program.

Application Fit

[Push To Open Cabinets](#)

For this application, installation template is specified for the typical load, environment, and usage of this application.

[Heavy Duty Drawers](#)

For this application, installation template is specified for the typical load, environment, and usage of this application.

[File Cabinets](#)

For this application, installation template is specified for full-extension access and load-rated, lockable operation.

[Tool Cabinets](#)

For this application, installation template is specified for heavy loads, ball-bearing movement, and locking under vibration.

[Pantry Cabinets](#)

For this application, installation template is specified for the typical load, environment, and usage of this application.

[Corner Cabinets](#)

For this application, installation template is specified for the typical load, environment, and usage of this application.
