Overview

Accessible Handle is furniture hardware used in cabinet and furniture manufacturing, selected by load, material, finish, and fit. The notes below cover construction, selection factors, sizes, materials, finishes, application fit, and installation for OEM production.

Industry Data

Use these product signals to compare fit, specification risk, and sourcing options before requesting samples or bulk pricing.

- **Center-to-Center:** 320 mm appliance pull Confirm the exact value on the order datasheet before production.
- **Overall Length:** 220 mm Confirm the exact value on the order datasheet before production.
- **Projection:** 34 mm Confirm the exact value on the order datasheet before production.
- **Grip / Face Width:** 18 mm Confirm the exact value on the order datasheet before production.
- **Screw:** M4 machine screw Confirm the exact value on the order datasheet before production.
- **Material options:** Stainless Steel, Carbon Steel, Zinc Alloy, Aluminum and Brass Choose material by strength, corrosion exposure, and target price.
- **Finish options:** Gold, Satin Brass, Aged Brass, Polished Chrome and Brushed Nickel Confirm finish samples when color matching matters.
- **Application fit:** Heavy Duty Drawers, File Cabinets, Tool Cabinets and Pantry Cabinets Match the product to the furniture use case, not only to the part name.

Accessible Handle

Key Specifications

Center-to-Center	320 mm appliance pull
Overall Length	220 mm
Projection	34 mm
Grip / Face Width	18 mm
Screw	M4 machine screw
Base Material	Zinc alloy
Finish Options	Chrome / satin nickel / oil-rubbed bronze

Specifications are configurable for OEM/ODM orders. Exact values are confirmed on the datasheet for your order.

How to Choose

- Load and usage requirement
- Material for the environment and price point
- Finish for appearance and corrosion resistance
- Mounting and dimensional fit

Material Options

Choose the material for the load, corrosion exposure, and target price of the program.

- [Stainless Steel Accessible Handle](#)
- [Carbon Steel Accessible Handle](#)
- [Zinc Alloy Accessible Handle](#)
- [Aluminum Accessible Handle](#)
- [Brass Accessible Handle](#)
- [Copper Accessible Handle](#)

Finish Options

Finish affects appearance and corrosion performance; match it to the furniture range and market.

- [Gold Accessible Handle](#)

- [Satin Brass Accessible Handle](#)
- [Aged Brass Accessible Handle](#)
- [Polished Chrome Accessible Handle](#)
- [Brushed Nickel Accessible Handle](#)
- [Galvanized Accessible Handle](#)
- [Satin Nickel Accessible Handle](#)
- [Polished Brass Accessible Handle](#)

Application Fit

[Heavy Duty Drawers](#)

For this application, accessible handle is specified for the typical load, environment, and usage of this application.

[File Cabinets](#)

For this application, accessible handle is specified for full-extension access and load-rated, lockable operation.

[Tool Cabinets](#)

For this application, accessible handle is specified for heavy loads, ball-bearing movement, and locking under vibration.

[Pantry Cabinets](#)

For this application, accessible handle is specified for the typical load, environment, and usage of this application.

[Corner Cabinets](#)

For this application, accessible handle is specified for the typical load, environment, and usage of this application.

[Wall Cabinets](#)

For this application, accessible handle is specified for the typical load, environment, and usage of this application.

Buying Notes for OEM Orders

For OEM production, lock the configuration, finish, and packaging, then confirm volume pricing.

Request Bulk Pricing

Send your specification, target market, and order volume. Our engineers reply with pricing, samples, and datasheets — usually within one business day.

Request a Quote

Tell us your project requirement. Our engineers reply within one business day with bulk pricing, datasheets, and installation drawings.
