## Overview

Cabinet Profile finishes and protects panel edges with a color-matched profile for a clean, durable furniture edge. The notes below cover construction, selection factors, sizes, materials, finishes, application fit, and installation for OEM production.

## Industry Data

Use these product signals to compare fit, specification risk, and sourcing options before requesting samples or bulk pricing.

- **Panel / Band Width:** 22 mm Confirm the exact value on the order datasheet before production.
- **Thickness:** 0.4 mm Confirm the exact value on the order datasheet before production.
- **Length / Roll:** 50 m roll Confirm the exact value on the order datasheet before production.
- **Material:** PVC Confirm the exact value on the order datasheet before production.
- **Fixing Method:** Screw-fixed trim Confirm the exact value on the order datasheet before production.
- **Material options:** Stainless Steel, Carbon Steel, Zinc Alloy, Aluminum and Brass Choose material by strength, corrosion exposure, and target price.
- **Finish options:** Anodized Aluminum, White, Flat Black, Black Nickel and Powder Coated Confirm finish samples when color matching matters.
- **Application fit:** Push To Open Cabinets, Heavy Duty Drawers, File Cabinets and Tool Cabinets Match the product to the furniture use case, not only to the part name.

Cabinet Profile

## Key Specifications

|                    |                  |
|--------------------|------------------|
| Panel / Band Width | 22 mm            |
| Thickness          | 0.4 mm           |
| Length / Roll      | 50 m roll        |
| Material           | PVC              |
| Fixing Method      | Screw-fixed trim |
| Finish Match       | Matte texture    |

Specifications are configurable for OEM/ODM orders. Exact values are confirmed on the datasheet for your order.

## How to Choose

- Panel thickness and edge profile
- Material match to the panel
- Adhesive or pre-glued type
- Color and finish match

## Material Options

PVC, ABS, and melamine bandings to match the panel surface.

- [Stainless Steel Cabinet Profile](#)
- [Carbon Steel Cabinet Profile](#)
- [Zinc Alloy Cabinet Profile](#)
- [Aluminum Cabinet Profile](#)
- [Brass Cabinet Profile](#)
- [Copper Cabinet Profile](#)

## Finish Options

Color-matched to the panel decor; wide range of woodgrains and solids.

- [Anodized Aluminum Cabinet Profile](#)
- [White Cabinet Profile](#)
- [Flat Black Cabinet Profile](#)

- [Black Nickel Cabinet Profile](#)
- [Powder Coated Cabinet Profile](#)
- [Brushed Stainless Steel Cabinet Profile](#)
- [Antique Brass Cabinet Profile](#)
- [Satin Brass Cabinet Profile](#)

## Application Fit

### [Push To Open Cabinets](#)

For this application, cabinet profile is specified for the typical load, environment, and usage of this application.

### [Heavy Duty Drawers](#)

For this application, cabinet profile is specified for the typical load, environment, and usage of this application.

### [File Cabinets](#)

For this application, cabinet profile is specified for full-extension access and load-rated, lockable operation.

### [Tool Cabinets](#)

For this application, cabinet profile is specified for heavy loads, ball-bearing movement, and locking under vibration.

### [Pantry Cabinets](#)

For this application, cabinet profile is specified for the typical load, environment, and usage of this application.

### [Corner Cabinets](#)

For this application, cabinet profile is specified for the typical load, environment, and usage of this application.

## Recommended for These Applications
