Overview

Decorative Molding finishes and protects panel edges with a color-matched profile for a clean, durable furniture edge. The notes below cover construction, selection factors, sizes, materials, finishes, application fit, and installation for OEM production.

Industry Data

Use these product signals to compare fit, specification risk, and sourcing options before requesting samples or bulk pricing.

- **Panel / Band Width:** 40 mm Confirm the exact value on the order datasheet before production.
- **Thickness:** 2.0 mm Confirm the exact value on the order datasheet before production.
- **Length / Roll:** 50 m roll Confirm the exact value on the order datasheet before production.
- **Material:** ABS Confirm the exact value on the order datasheet before production.
- **Fixing Method:** Screw-fixed trim Confirm the exact value on the order datasheet before production.
- **Material options:** Stainless Steel, Carbon Steel, Zinc Alloy, Aluminum and Brass Choose material by strength, corrosion exposure, and target price.
- **Finish options:** Brushed Stainless Steel, Zinc Plated, Galvanized, Black Nickel and Aged Brass Confirm finish samples when color matching matters.
- **Application fit:** Custom Cabinets, Woodworking Projects, MDF Cabinets and Plywood Cabinets Match the product to the furniture use case, not only to the part name.

Decorative Molding

Key Specifications

Panel / Band Width	40 mm
Thickness	2.0 mm
Length / Roll	50 m roll
Material	ABS
Fixing Method	Screw-fixed trim
Finish Match	Woodgrain

Specifications are configurable for OEM/ODM orders. Exact values are confirmed on the datasheet for your order.

How to Choose

- Panel thickness and edge profile
- Material match to the panel
- Adhesive or pre-glued type
- Color and finish match

Material Options

PVC, ABS, and melamine bandings to match the panel surface.

- [Stainless Steel Decorative Molding](#)
- [Carbon Steel Decorative Molding](#)
- [Zinc Alloy Decorative Molding](#)
- [Aluminum Decorative Molding](#)
- [Brass Decorative Molding](#)
- [Copper Decorative Molding](#)

Finish Options

Color-matched to the panel decor; wide range of woodgrains and solids.

Application Fit

Custom Cabinets

For this application, decorative molding is specified for the typical load, environment, and usage of this application.

Woodworking Projects

For this application, decorative molding is specified for the typical load, environment, and usage of this application.

MDF Cabinets

For this application, decorative molding is specified for the typical load, environment, and usage of this application.

Plywood Cabinets

For this application, decorative molding is specified for the typical load, environment, and usage of this application.

Solid Wood Furniture

For this application, decorative molding is specified for the typical load, environment, and usage of this application.

Glass Display Cabinets

For this application, decorative molding is specified for the typical load, environment, and usage of this application.

Recommended for These Applications
