Overview

Edge Banding finishes and protects panel edges with a color-matched profile for a clean, durable furniture edge. This page summarizes how to specify it for volume furniture and cabinet manufacturing, including the dimensions and options that matter most to buyers.

Industry Data

Use these product signals to compare fit, specification risk, and sourcing options before requesting samples or bulk pricing.

- **Panel / Band Width:** 18 mm Confirm the exact value on the order datasheet before production.
- **Thickness:** 1.0 mm Confirm the exact value on the order datasheet before production.
- **Length / Roll:** 2.4 m profile Confirm the exact value on the order datasheet before production.
- **Material:** Aluminum Confirm the exact value on the order datasheet before production.
- **Fixing Method:** Pre-glued iron-on Confirm the exact value on the order datasheet before production.
- **Material options:** Stainless Steel, Carbon Steel, Zinc Alloy, Aluminum and Brass Choose material by strength, corrosion exposure, and target price.
- **Finish options:** Satin Nickel, Champagne Bronze, Oil Rubbed Bronze, Brushed Nickel and Polished Chrome Confirm finish samples when color matching matters.
- **Application fit:** Face Frame Cabinets, Frameless Cabinets, Kitchen Cabinets and Bathroom Vanities Match the product to the furniture use case, not only to the part name.

Edge Banding

Key Specifications

Panel / Band Width	18 mm
Thickness	1.0 mm
Length / Roll	2.4 m profile
Material	Aluminum
Fixing Method	Pre-glued iron-on
Finish Match	Matte texture

Specifications are configurable for OEM/ODM orders. Exact values are confirmed on the datasheet for your order.

How to Choose

- Panel thickness and edge profile
- Material match to the panel
- Adhesive or pre-glued type
- Color and finish match

Material Options

PVC, ABS, and melamine bandings to match the panel surface.

- [Stainless Steel Edge Banding](#)
- [Carbon Steel Edge Banding](#)
- [Zinc Alloy Edge Banding](#)
- [Aluminum Edge Banding](#)
- [Brass Edge Banding](#)
- [Copper Edge Banding](#)

Finish Options

Color-matched to the panel decor; wide range of woodgrains and solids.

- [Satin Nickel Edge Banding](#)
- [Champagne Bronze Edge Banding](#)
- [Oil Rubbed Bronze Edge Banding](#)

- [Brushed Nickel Edge Banding](#)
- [Polished Chrome Edge Banding](#)
- [Brushed Brass Edge Banding](#)

Application Fit

[Face Frame Cabinets](#)

For this application, edge banding is specified for the typical load, environment, and usage of this application.

[Frameless Cabinets](#)

For this application, edge banding is specified for the typical load, environment, and usage of this application.

[Kitchen Cabinets](#)

For this application, edge banding is specified for daily use, soft-close motion, moisture resistance, and fast, repeatable installation on the line.

[Bathroom Vanities](#)

For this application, edge banding is specified for humidity and corrosion resistance, compact drawers, and easy maintenance.

[Wardrobe Cabinets](#)

For this application, edge banding is specified for quiet operation, smooth movement, and space-saving storage.

[Closet Systems](#)

For this application, edge banding is specified for the typical load, environment, and usage of this application.
