Overview

Edge Profile finishes and protects panel edges with a color-matched profile for a clean, durable furniture edge. This page summarizes how to specify it for volume furniture and cabinet manufacturing, including the dimensions and options that matter most to buyers.

Industry Data

Use these product signals to compare fit, specification risk, and sourcing options before requesting samples or bulk pricing.

- **Panel / Band Width:** 16 mm Confirm the exact value on the order datasheet before production.
- **Thickness:** 0.4 mm Confirm the exact value on the order datasheet before production.
- **Length / Roll:** 3.0 m profile Confirm the exact value on the order datasheet before production.
- **Material:** Melamine Confirm the exact value on the order datasheet before production.
- **Fixing Method:** Hot-melt glue Confirm the exact value on the order datasheet before production.
- **Material options:** Stainless Steel, Carbon Steel, Zinc Alloy, Aluminum and Brass Choose material by strength, corrosion exposure, and target price.
- **Finish options:** Galvanized, Satin Chrome, Anodized Aluminum, White and Polished Stainless Steel Confirm finish samples when color matching matters.
- **Application fit:** Laundry Cabinets, Garage Storage Cabinets, Dressers and Chest of Drawers Match the product to the furniture use case, not only to the part name.

Edge Profile

Key Specifications

Panel / Band Width	16 mm
Thickness	0.4 mm
Length / Roll	3.0 m profile
Material	Melamine
Fixing Method	Hot-melt glue
Finish Match	Matte texture

Specifications are configurable for OEM/ODM orders. Exact values are confirmed on the datasheet for your order.

How to Choose

- Panel thickness and edge profile
- Material match to the panel
- Adhesive or pre-glued type
- Color and finish match

Material Options

PVC, ABS, and melamine bandings to match the panel surface.

- [Stainless Steel Edge Profile](#)
- [Carbon Steel Edge Profile](#)
- [Zinc Alloy Edge Profile](#)
- [Aluminum Edge Profile](#)
- [Brass Edge Profile](#)
- [Copper Edge Profile](#)

Finish Options

Color-matched to the panel decor; wide range of woodgrains and solids.

- [Galvanized Edge Profile](#)
- [Satin Chrome Edge Profile](#)
- [Anodized Aluminum Edge Profile](#)

- [White Edge Profile](#)
- [Polished Stainless Steel Edge Profile](#)
- [Brushed Brass Edge Profile](#)
- [Aged Brass Edge Profile](#)
- [Flat Black Edge Profile](#)

Application Fit

[Laundry Cabinets](#)

For this application, edge profile is specified for the typical load, environment, and usage of this application.

[Garage Storage Cabinets](#)

For this application, edge profile is specified for the typical load, environment, and usage of this application.

[Dressers](#)

For this application, edge profile is specified for smooth drawer travel and quiet, aligned operation.

[Chest of Drawers](#)

For this application, edge profile is specified for the typical load, environment, and usage of this application.

[RV and Camper Furniture](#)

For this application, edge profile is specified for the typical load, environment, and usage of this application.

[Truck and Tool Storage](#)

For this application, edge profile is specified for the typical load, environment, and usage of this application.
