Overview

Furniture Molding finishes and protects panel edges with a color-matched profile for a clean, durable furniture edge. This page summarizes how to specify it for volume furniture and cabinet manufacturing, including the dimensions and options that matter most to buyers.

Industry Data

Use these product signals to compare fit, specification risk, and sourcing options before requesting samples or bulk pricing.

- **Panel / Band Width:** 22 mm Confirm the exact value on the order datasheet before production.
- **Thickness:** 1.5 mm Confirm the exact value on the order datasheet before production.
- **Length / Roll:** 3.0 m profile Confirm the exact value on the order datasheet before production.
- **Material:** Aluminum Confirm the exact value on the order datasheet before production.
- **Fixing Method:** Hot-melt glue Confirm the exact value on the order datasheet before production.
- **Material options:** Stainless Steel, Carbon Steel, Zinc Alloy, Aluminum and Brass Choose material by strength, corrosion exposure, and target price.
- **Finish options:** White, Brushed Gold, Satin Gold, Brushed Stainless Steel and Satin Brass Confirm finish samples when color matching matters.
- **Application fit:** Closet Systems, Bedroom Furniture, Living Room Furniture and Office Furniture Match the product to the furniture use case, not only to the part name.

Furniture Molding

Key Specifications

Panel / Band Width	22 mm
Thickness	1.5 mm
Length / Roll	3.0 m profile
Material	Aluminum
Fixing Method	Hot-melt glue
Finish Match	Brushed aluminum

Specifications are configurable for OEM/ODM orders. Exact values are confirmed on the datasheet for your order.

How to Choose

- Panel thickness and edge profile
- Material match to the panel
- Adhesive or pre-glued type
- Color and finish match

Material Options

PVC, ABS, and melamine bandings to match the panel surface.

- [Stainless Steel Furniture Molding](#)
- [Carbon Steel Furniture Molding](#)
- [Zinc Alloy Furniture Molding](#)
- [Aluminum Furniture Molding](#)
- [Brass Furniture Molding](#)
- [Copper Furniture Molding](#)

Finish Options

Color-matched to the panel decor; wide range of woodgrains and solids.

- [White Furniture Molding](#)
- [Brushed Gold Furniture Molding](#)
- [Satin Gold Furniture Molding](#)

Application Fit

[Closet Systems](#)

For this application, furniture molding is specified for the typical load, environment, and usage of this application.

[Bedroom Furniture](#)

For this application, furniture molding is specified for the typical load, environment, and usage of this application.

[Living Room Furniture](#)

For this application, furniture molding is specified for the typical load, environment, and usage of this application.

[Office Furniture](#)

For this application, furniture molding is specified for high-frequency use, file-drawer loads, and central locking.

[Hotel Furniture](#)

For this application, furniture molding is specified for the typical load, environment, and usage of this application.

[Apartment Furniture](#)

For this application, furniture molding is specified for the typical load, environment, and usage of this application.
