Overview

Bed Hardware Kit is furniture hardware used in cabinet and furniture manufacturing, selected by load, material, finish, and fit. The notes below cover construction, selection factors, sizes, materials, finishes, application fit, and installation for OEM production.

Industry Data

Use these product signals to compare fit, specification risk, and sourcing options before requesting samples or bulk pricing.

- **Load Capacity:** 120 kg Confirm the exact value on the order datasheet before production.
- **Mounting Pattern:** M8 bolt fixing Confirm the exact value on the order datasheet before production.
- **Height / Size:** 80 mm Confirm the exact value on the order datasheet before production.
- **Material:** Zinc-plated steel Confirm the exact value on the order datasheet before production.
- **Adjustment:** Leveling foot Confirm the exact value on the order datasheet before production.
- **Material options:** Stainless Steel, Carbon Steel, Zinc Alloy, Aluminum and Brass Choose material by strength, corrosion exposure, and target price.
- **Finish options:** Galvanized, Matte Black, Chrome, Black Nickel and Pewter Confirm finish samples when color matching matters.
- **Application fit:** Push To Open Cabinets, Heavy Duty Drawers, File Cabinets and Tool Cabinets Match the product to the furniture use case, not only to the part name.

Bed Hardware Kit

Key Specifications

Load Capacity	120 kg
Mounting Pattern	M8 bolt fixing
Height / Size	80 mm
Material	Zinc-plated steel
Adjustment	Leveling foot
Supplied With	Left/right pair

Specifications are configurable for OEM/ODM orders. Exact values are confirmed on the datasheet for your order.

How to Choose

- Load and usage requirement
- Material for the environment and price point
- Finish for appearance and corrosion resistance
- Mounting and dimensional fit

Material Options

Choose the material for the load, corrosion exposure, and target price of the program.

- [Stainless Steel Bed Hardware Kit](#)
- [Carbon Steel Bed Hardware Kit](#)
- [Zinc Alloy Bed Hardware Kit](#)
- [Aluminum Bed Hardware Kit](#)
- [Brass Bed Hardware Kit](#)
- [Copper Bed Hardware Kit](#)

Finish Options

Finish affects appearance and corrosion performance; match it to the furniture range and market.

- [Galvanized Bed Hardware Kit](#)
- [Matte Black Bed Hardware Kit](#)
- [Chrome Bed Hardware Kit](#)

- [Black Nickel Bed Hardware Kit](#)
- [Pewter Bed Hardware Kit](#)
- [Polished Chrome Bed Hardware Kit](#)
- [Aged Brass Bed Hardware Kit](#)
- [Antique Brass Bed Hardware Kit](#)

Application Fit

[Push To Open Cabinets](#)

For this application, bed hardware kit is specified for the typical load, environment, and usage of this application.

[Heavy Duty Drawers](#)

For this application, bed hardware kit is specified for the typical load, environment, and usage of this application.

[File Cabinets](#)

For this application, bed hardware kit is specified for full-extension access and load-rated, lockable operation.

[Tool Cabinets](#)

For this application, bed hardware kit is specified for heavy loads, ball-bearing movement, and locking under vibration.

[Pantry Cabinets](#)

For this application, bed hardware kit is specified for the typical load, environment, and usage of this application.

[Corner Cabinets](#)

For this application, bed hardware kit is specified for the typical load, environment, and usage of this application.
