Overview

Drawer Hardware Kit is furniture hardware used in cabinet and furniture manufacturing, selected by load, material, finish, and fit. This page summarizes how to specify it for volume furniture and cabinet manufacturing, including the dimensions and options that matter most to buyers.

Industry Data

Use these product signals to compare fit, specification risk, and sourcing options before requesting samples or bulk pricing.

- **Kit Contents:** Connectors, cams, dowels Confirm the exact value on the order datasheet before production.
- **Furniture Fit:** One drawer Confirm the exact value on the order datasheet before production.
- **Main Sizes:** 15 mm cam connector system Confirm the exact value on the order datasheet before production.
- **Packaging:** OEM private-label pack Confirm the exact value on the order datasheet before production.
- **Included Fasteners:** Fasteners selected to panel thickness Confirm the exact value on the order datasheet before production.
- **Material options:** Stainless Steel, Carbon Steel, Zinc Alloy, Aluminum and Brass Choose material by strength, corrosion exposure, and target price.
- **Finish options:** Satin Chrome, Copper, Bronze, Flat Black and Gray Confirm finish samples when color matching matters.
- **Application fit:** Laboratory Furniture, Retail Display Fixtures, Commercial Display Cabinets and Store Fixtures Match the product to the furniture use case, not only to the part name.

Drawer Hardware Kit

Key Specifications

Kit Contents	Connectors, cams, dowels
Furniture Fit	One drawer
Main Sizes	15 mm cam connector system
Packaging	OEM private-label pack
Included Fasteners	Fasteners selected to panel thickness
Documentation	BOM list

Specifications are configurable for OEM/ODM orders. Exact values are confirmed on the datasheet for your order.

How to Choose

- Load and usage requirement
- Material for the environment and price point
- Finish for appearance and corrosion resistance
- Mounting and dimensional fit

Material Options

Choose the material for the load, corrosion exposure, and target price of the program.

- [Stainless Steel Drawer Hardware Kit](#)
- [Carbon Steel Drawer Hardware Kit](#)
- [Zinc Alloy Drawer Hardware Kit](#)
- [Aluminum Drawer Hardware Kit](#)
- [Brass Drawer Hardware Kit](#)
- [Copper Drawer Hardware Kit](#)

Finish Options

Finish affects appearance and corrosion performance; match it to the furniture range and market.

Application Fit

Laboratory Furniture

For this application, drawer hardware kit is specified for the typical load, environment, and usage of this application.

Retail Display Fixtures

For this application, drawer hardware kit is specified for the typical load, environment, and usage of this application.

Commercial Display Cabinets

For this application, drawer hardware kit is specified for the typical load, environment, and usage of this application.

Store Fixtures

For this application, drawer hardware kit is specified for the typical load, environment, and usage of this application.

Restaurant Furniture

For this application, drawer hardware kit is specified for the typical load, environment, and usage of this application.

Outdoor Furniture

For this application, drawer hardware kit is specified for corrosion resistance, stainless options, and weather exposure.

Recommended for These Applications
