FURNITURE LIGHTING AND ELECTRICAL FITTINGS

Door Sensor Switch adds integrated lighting to cabinets, shelves, and displays with compatible drivers and controls. It is available for OEM bulk supply with samples, datasheets, and installation drawings on request.

▮ Bulk Order Ready ✓ ISO 9001:2015 ▯ OEM/ODM Available ➤ [Installation Guide](#)

Overview

Door Sensor Switch adds integrated lighting to cabinets, shelves, and displays with compatible drivers and controls. The notes below cover construction, selection factors, sizes, materials, finishes, application fit, and installation for OEM production.

Industry Data

Use these product signals to compare fit, specification risk, and sourcing options before requesting samples or bulk pricing.

- **Voltage:** 110-240 VAC input Confirm the exact value on the order datasheet before production.
- **Power / Rating:** 3 A switch rating Confirm the exact value on the order datasheet before production.
- **Profile / Cutout:** 80 x 80 mm socket cutout Confirm the exact value on the order datasheet before production.
- **Control Type:** Rocker switch Confirm the exact value on the order datasheet before production.
- **Color Temperature:** 3000K Confirm the exact value on the order datasheet before production.
- **Material options:** Stainless Steel, Carbon Steel, Zinc Alloy, Aluminum and Brass Choose material by strength, corrosion exposure, and target price.
- **Finish options:** Stainless Steel, Matte Black, White, Brushed Stainless Steel and Satin Chrome Confirm finish samples when color matching matters.
- **Application fit:** Handleless Cabinets, Soft Close Cabinets, Push To Open Cabinets and Heavy Duty Drawers Match the product to the furniture use case, not only to the part name.

Door Sensor Switch

Key Specifications

Voltage	110-240 VAC input
Power / Rating	3 A switch rating
Profile / Cutout	80 x 80 mm socket cutout
Control Type	Rocker switch
Color Temperature	3000K
Diffuser / Finish	Anodized aluminum

Specifications are configurable for OEM/ODM orders. Exact values are confirmed on the datasheet for your order.

How to Choose

- Voltage and driver compatibility
- Mounting type for cabinets and shelves
- Sensor or switch control
- Color temperature

Material Options

Aluminum profiles for heat dissipation; plastic diffusers.

- [Stainless Steel Door Sensor Switch](#)
- [Carbon Steel Door Sensor Switch](#)
- [Zinc Alloy Door Sensor Switch](#)
- [Aluminum Door Sensor Switch](#)
- [Brass Door Sensor Switch](#)
- [Copper Door Sensor Switch](#)

Finish Options

Silver and black profiles to match the cabinet.

- [Stainless Steel Door Sensor Switch](#)
- [Matte Black Door Sensor Switch](#)
- [White Door Sensor Switch](#)

- [Brushed Stainless Steel Door Sensor Switch](#)
- [Satin Chrome Door Sensor Switch](#)
- [Gold Door Sensor Switch](#)
- [Satin Gold Door Sensor Switch](#)
- [Oil Rubbed Bronze Door Sensor Switch](#)

Application Fit

[Handleless Cabinets](#)

For this application, door sensor switch is specified for the typical load, environment, and usage of this application.

[Soft Close Cabinets](#)

For this application, door sensor switch is specified for the typical load, environment, and usage of this application.

[Push To Open Cabinets](#)

For this application, door sensor switch is specified for the typical load, environment, and usage of this application.

[Heavy Duty Drawers](#)

For this application, door sensor switch is specified for the typical load, environment, and usage of this application.

[File Cabinets](#)

For this application, door sensor switch is specified for full-extension access and load-rated, lockable operation.

[Tool Cabinets](#)

For this application, door sensor switch is specified for heavy loads, ball-bearing movement, and locking under vibration.

Recommended for These Applications

Installation Notes

Mount the profile, run wiring to the driver, and confirm the load before closing.

Step-by-step SVG diagrams for installing Door Sensor Switch on a production line.

Open the installation guide →

Buying Notes for OEM Orders

Standardize voltage and connectors across the lighting range.

Request Bulk Pricing

Send your specification, target market, and order volume. Our engineers reply with pricing, samples, and datasheets — usually within one business day.

Request a Quote

Tell us your project requirement. Our engineers reply within one business day with bulk pricing, datasheets, and installation drawings.
