Overview

Table Base is furniture hardware used in cabinet and furniture manufacturing, selected by load, material, finish, and fit. The notes below cover construction, selection factors, sizes, materials, finishes, application fit, and installation for OEM production.

Industry Data

Use these product signals to compare fit, specification risk, and sourcing options before requesting samples or bulk pricing.

- **Load Capacity:** 150 kg Confirm the exact value on the order datasheet before production.
- **Mounting Pattern:** Bed rail hook plate Confirm the exact value on the order datasheet before production.
- **Height / Size:** 150 mm Confirm the exact value on the order datasheet before production.
- **Material:** Powder-coated steel Confirm the exact value on the order datasheet before production.
- **Adjustment:** Recliner cable release Confirm the exact value on the order datasheet before production.
- **Material options:** Stainless Steel, Carbon Steel, Zinc Alloy, Aluminum and Brass Choose material by strength, corrosion exposure, and target price.
- **Finish options:** Matte Black, Satin Chrome, Stainless Steel, Copper and Bronze Confirm finish samples when color matching matters.
- **Application fit:** Tool Cabinets, Pantry Cabinets, Corner Cabinets and Wall Cabinets Match the product to the furniture use case, not only to the part name.

Table Base

Key Specifications

Load Capacity	150 kg
Mounting Pattern	Bed rail hook plate
Height / Size	150 mm
Material	Powder-coated steel
Adjustment	Recliner cable release
Supplied With	Left/right pair

Specifications are configurable for OEM/ODM orders. Exact values are confirmed on the datasheet for your order.

How to Choose

- Load and usage requirement
- Material for the environment and price point
- Finish for appearance and corrosion resistance
- Mounting and dimensional fit

Material Options

Choose the material for the load, corrosion exposure, and target price of the program.

- [Stainless Steel Table Base](#)
- [Carbon Steel Table Base](#)
- [Zinc Alloy Table Base](#)
- [Aluminum Table Base](#)
- [Brass Table Base](#)
- [Copper Table Base](#)

Finish Options

Finish affects appearance and corrosion performance; match it to the furniture range and market.

- [Matte Black Table Base](#)
- [Satin Chrome Table Base](#)
- [Stainless Steel Table Base](#)

- [Copper Table Base](#)
- [Bronze Table Base](#)
- [Anodized Aluminum Table Base](#)
- [Brushed Stainless Steel Table Base](#)
- [Powder Coated Table Base](#)

Application Fit

[Tool Cabinets](#)

For this application, table base is specified for heavy loads, ball-bearing movement, and locking under vibration.

[Pantry Cabinets](#)

For this application, table base is specified for the typical load, environment, and usage of this application.

[Corner Cabinets](#)

For this application, table base is specified for the typical load, environment, and usage of this application.

[Wall Cabinets](#)

For this application, table base is specified for the typical load, environment, and usage of this application.

[Base Cabinets](#)

For this application, table base is specified for the typical load, environment, and usage of this application.

[Tall Cabinets](#)

For this application, table base is specified for the typical load, environment, and usage of this application.

Buying Notes for OEM Orders

For OEM production, lock the configuration, finish, and packaging, then confirm volume pricing.

Request Bulk Pricing

Send your specification, target market, and order volume. Our engineers reply with pricing, samples, and datasheets — usually within one business day.

Request a Quote

Tell us your project requirement. Our engineers reply within one business day with bulk pricing, datasheets, and installation drawings.
