## Overview

Table Hardware is furniture hardware used in cabinet and furniture manufacturing, selected by load, material, finish, and fit. This page summarizes how to specify it for volume furniture and cabinet manufacturing, including the dimensions and options that matter most to buyers.

## Industry Data

Use these product signals to compare fit, specification risk, and sourcing options before requesting samples or bulk pricing.

- **Load Capacity:** 200 kg Confirm the exact value on the order datasheet before production.
- **Mounting Pattern:** 4-hole plate Confirm the exact value on the order datasheet before production.
- **Height / Size:** 150 mm Confirm the exact value on the order datasheet before production.
- **Material:** Beech wood with steel insert Confirm the exact value on the order datasheet before production.
- **Adjustment:** Leveling foot Confirm the exact value on the order datasheet before production.
- **Material options:** Stainless Steel, Carbon Steel, Zinc Alloy, Aluminum and Brass Choose material by strength, corrosion exposure, and target price.
- **Finish options:** Bronze, Copper, White, Gold and Stainless Steel Confirm finish samples when color matching matters.
- **Application fit:** Bookcases, Wine Cabinets, Laundry Cabinets and Garage Storage Cabinets Match the product to the furniture use case, not only to the part name.

Table Hardware

## Key Specifications

|                  |                                 |
|------------------|---------------------------------|
| Load Capacity    | 200 kg                          |
| Mounting Pattern | 4-hole plate                    |
| Height / Size    | 150 mm                          |
| Material         | Beech wood with steel insert    |
| Adjustment       | Leveling foot                   |
| Supplied With    | Hardware set per furniture unit |

Specifications are configurable for OEM/ODM orders. Exact values are confirmed on the datasheet for your order.

## How to Choose

- Load and usage requirement
- Material for the environment and price point
- Finish for appearance and corrosion resistance
- Mounting and dimensional fit

## Material Options

Choose the material for the load, corrosion exposure, and target price of the program.

- [Stainless Steel Table Hardware](#)
- [Carbon Steel Table Hardware](#)
- [Zinc Alloy Table Hardware](#)
- [Aluminum Table Hardware](#)
- [Brass Table Hardware](#)
- [Copper Table Hardware](#)

## Finish Options

Finish affects appearance and corrosion performance; match it to the furniture range and market.

- [Bronze Table Hardware](#)
- [Copper Table Hardware](#)
- [White Table Hardware](#)

- [Gold Table Hardware](#)
- [Stainless Steel Table Hardware](#)
- [Satin Brass Table Hardware](#)
- [Black Nickel Table Hardware](#)
- [Oil Rubbed Bronze Table Hardware](#)

## Application Fit

### [Bookcases](#)

For this application, table hardware is specified for the typical load, environment, and usage of this application.

### [Wine Cabinets](#)

For this application, table hardware is specified for the typical load, environment, and usage of this application.

### [Laundry Cabinets](#)

For this application, table hardware is specified for the typical load, environment, and usage of this application.

### [Garage Storage Cabinets](#)

For this application, table hardware is specified for the typical load, environment, and usage of this application.

### [Dressers](#)

For this application, table hardware is specified for smooth drawer travel and quiet, aligned operation.

### [Chest of Drawers](#)

For this application, table hardware is specified for the typical load, environment, and usage of this application.

## Recommended for These Applications

## Buying Notes for OEM Orders

For OEM production, lock the configuration, finish, and packaging, then confirm volume pricing.

## Request Bulk Pricing

Send your specification, target market, and order volume. Our engineers reply with pricing, samples, and datasheets — usually within one business day.

## Request a Quote

Tell us your project requirement. Our engineers reply within one business day with bulk pricing, datasheets, and installation drawings.
