Overview

Table Leveler is furniture hardware used in cabinet and furniture manufacturing, selected by load, material, finish, and fit. This page summarizes how to specify it for volume furniture and cabinet manufacturing, including the dimensions and options that matter most to buyers.

Industry Data

Use these product signals to compare fit, specification risk, and sourcing options before requesting samples or bulk pricing.

- **Load Capacity:** 200 kg Confirm the exact value on the order datasheet before production.
- **Mounting Pattern:** Bed rail hook plate Confirm the exact value on the order datasheet before production.
- **Height / Size:** 200 mm Confirm the exact value on the order datasheet before production.
- **Material:** Powder-coated steel Confirm the exact value on the order datasheet before production.
- **Adjustment:** Fold-lock mechanism Confirm the exact value on the order datasheet before production.
- **Material options:** Stainless Steel, Carbon Steel, Zinc Alloy, Aluminum and Brass Choose material by strength, corrosion exposure, and target price.
- **Finish options:** Brushed Nickel, Champagne Bronze, Zinc Plated, Polished Brass and Polished Chrome Confirm finish samples when color matching matters.
- **Application fit:** Heavy Duty Drawers, File Cabinets, Tool Cabinets and Pantry Cabinets Match the product to the furniture use case, not only to the part name.

Table Leveler

Key Specifications

Load Capacity	200 kg
Mounting Pattern	Bed rail hook plate
Height / Size	200 mm
Material	Powder-coated steel
Adjustment	Fold-lock mechanism
Supplied With	Mounting screws

Specifications are configurable for OEM/ODM orders. Exact values are confirmed on the datasheet for your order.

How to Choose

- Load and usage requirement
- Material for the environment and price point
- Finish for appearance and corrosion resistance
- Mounting and dimensional fit

Material Options

Choose the material for the load, corrosion exposure, and target price of the program.

- [Stainless Steel Table Leveler](#)
- [Carbon Steel Table Leveler](#)
- [Zinc Alloy Table Leveler](#)
- [Aluminum Table Leveler](#)
- [Brass Table Leveler](#)
- [Copper Table Leveler](#)

Finish Options

Finish affects appearance and corrosion performance; match it to the furniture range and market.

- [Brushed Nickel Table Leveler](#)
- [Champagne Bronze Table Leveler](#)
- [Zinc Plated Table Leveler](#)

- [Polished Brass Table Leveler](#)
- [Polished Chrome Table Leveler](#)
- [Polished Stainless Steel Table Leveler](#)
- [Anodized Aluminum Table Leveler](#)
- [Rose Gold Table Leveler](#)

Application Fit

[Heavy Duty Drawers](#)

For this application, table leveler is specified for the typical load, environment, and usage of this application.

[File Cabinets](#)

For this application, table leveler is specified for full-extension access and load-rated, lockable operation.

[Tool Cabinets](#)

For this application, table leveler is specified for heavy loads, ball-bearing movement, and locking under vibration.

[Pantry Cabinets](#)

For this application, table leveler is specified for the typical load, environment, and usage of this application.

[Corner Cabinets](#)

For this application, table leveler is specified for the typical load, environment, and usage of this application.

[Wall Cabinets](#)

For this application, table leveler is specified for the typical load, environment, and usage of this application.
